

IWRF General Assembly

& Elections 2018

Letter of Support

24 July 2018

To whom it may concern,

Disability Sports Australia (DSA), as the Australian member organisation of the International Wheelchair Rugby Federation (IWRF), is pleased to endorse the nomination of Mr Richard Allcroft to the position of President of the IWRF.

Richard has been an outstanding and passionate ambassador for the sport for over 20 years in several roles. Following on from his success as Technical Delegate (TD) for London 2012 and Rio 2016 Paralympic Games, Richard is preparing to undertake the position of Assistant Technical Delegate (ATD) at the GIO 2018 IWRF Wheelchair Rugby World Championship to be held in Sydney in less than 2 weeks' time.

As an IWRF Board Director for the last six years, Richard is in a strong position to lead the organisation's growth strategy.

As a member of the IWRF, DSA believes that it is important that the International Federation has a committed and effective Board with strong leadership. DSA continues to support the International agenda and recognises the importance of contributing to the global development of the sport.

DSA is pleased to support Richard in his nomination as President of IWRF and looks forward to welcoming all athletes, officials and spectators to the GIO 2018 IWRF Wheelchair Rugby World Championship on 5 - 10 August!
