EVENT PHOTOGRAPHY REGISTRATION FORM: JUNIOR EVENTS

Great Britain Wheelchair Rugby Limited (GBWR) will only permit the use of photography or filming equipment at organised events, training courses or similar activities by properly accredited users, under the provision that the product will not be used for commercial purposes without express prior consent from GBWR. Please note, the broadcast of footage live or otherwise is not permitted without express prior consent from GBWR. **Please note that as this event will include individuals under the age of 18, the photographer / video operator is agreeing not to film or photograph those whom have not given permission – these individuals can be identified by the red tape on the front of their playing chair and / or blue wristband being worn.**

The following people must register with the event organiser:

Professional photographers / filming / video operators

Where possible, professional photographers etc. should register at least 36 hours before the event, providing a copy of some form of professional identification together with the Event Photography Registration Form.

Students or amateur photographers / film / video operators

These persons should submit the Event Photography Registration Form together with a copy of their student or club registration card and a letter from their club / educational establishment outlining their motive for attending the event.

Spectators (including parents, relatives or carers) wishing to use photographic / film / video equipment with a professional telescopic lens or other zoom capability.

These persons should register their intent with the promoter of the event by completing the Event Photography Registration Form. For clarity, standard cameras without a professional telescopic lens or other zoom capability are permitted if used from the spectator area.
