FORWARD TOGETHER

Chair's Foreword

Great Britain
Wheelchair Rugby

Welcome to GB Wheelchair Rugby's strategy for our great sport through to the Paralympics in Paris in 2024.

This is an exciting moment in time for wheelchair rugby in Great Britain. Our elite team are proud Paralympic champions, on top of the world for the very first time, clubs up and down the country are back training and competing after the lockdowns of the pandemic, and GBWR itself is under new leadership and has a fresh image with a vision to match.

Looking out over the coming years, our ambition is to lead the growth of vibrant wheelchair rugby communities, setting the standard in Britain and more widely for the promotion of disability sport, and of course for our GB team to continue to excel on the world stage.

We can only achieve these objectives if we all move forward together – players, volunteers, clubs, fans, commercial partners, and GBWR ourselves. I hope that you are inspired to join us in our mission and to play your part with us in the exciting future for wheelchair rugby that lies ahead.

Let's go!

Great Britain
Wheelchair Rugby

I feel immense pride in presenting our new look GBWR brand along with our strategy that will take us to the Paris 2024 Paralympics.

We are excited to use our new mission, vision, and look and feel to elevate wheelchair rugby to new heights, and build on the gold medal success of our GB team at the Tokyo Paralympics. We wanted our brand to truly reflect the character of the sport, one that is brave, dynamic, and exciting, and we feel this rebrand achieves this. Wheelchair rugby continues to be a sport that provides many individuals access to the only team sport they are physically able to play in a competitive league structure. Our clubs also provide a hugely important social role helping those whose lives have been impacted through injury, illness, or those who live with challenging lifelong conditions, to thrive and live a fulfilled life. We are so much more than a sport.

We have received fantastic support over the last decade and we are grateful to all of our partners, supporters, and members who have enabled the sport to get to where it is today. There is however so much more to do and we now take the first steps into wheelchair rugby's next phase of development. This is such an exciting time for wheelchair rugby and we want to provide even more people the opportunity to move with us on this journey as we take disability sport forward together.
