

PREDATOR

BUILT TO LEAVE MARKS

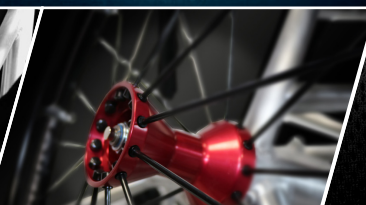

STRONGER BY DESIGN

With heat-treated aerospace-grade 7020 aluminium for increased surface hardness and superior ductility.

REINFORCED Y-FRAME

Engineered with targeted reinforcement and an altered centre of gravity for greater durability, and impact power.

MADE FOR SPEED

Based on proven RGK sports technology, the Predator delivers staggering improvements in agility without compromising strength.

AIRTECH BUILT IN

Stay cool and supported with triple-layer strength, Kevlar reinforcement, and adjustable tension for perfect positioning.
